Educational Budget for 1875-76

1874

From The Director of Public Instruction
To Assistant

Secretary to Chief Commissioner
General Department

Dated Simla the 31 August 1874
Despatched 2nd September
Received 2 Sept

Enclosures No. Nil

General No 1659
No

I am directed to forward for the Chief Commissioner's consideration proposals for entry in the Education Budget for 1875-6

I think the entry of all these items may be consolidated but the Director should be requested to send in separate proposals & statement for them under the rules

No 1659

Office of the Director of Public In
Bangalore, 31st August

From

The Director of Public Instruction
in Mysore

To

The Offg Secretary to the Chief Commissioner
of Mysore

Sir,

I have the honour to submit for sanction of the Chief Commissioner the following proposition for entry in the Educational Budget for 1875 6

2 The total grant for 1874-5, deducting the charge for Noble Schools debitable to Local Funds, was Rs 220611 From this sum a reduction of Rs 6120 has to be made on account of the Director and Inspectors being now on the minimum pay of their appointments On the other hand the proposals in my letter No 1198 of the 22d ultimo involve an increased entry of Rs 6732 for the Engineering School The Government of India has further sanctioned an annual increase of Rs 2000/- for the systematic promotion of District and Taluq Masters to higher grades After these deductions and additions the total for 18 will stand at Rs 223123

3. The following additional charges appear called for In the Inspection Department. I propose a provision for a native Deputy Inspr. of Rs 100 a month, with an establishment of Rs 20 a month, and for a Hindustani Sub. Deputy

Deputy Inspector at Rs 40/-, with the usual travelling allowances in each case. Government and Grant-in aid schools are now established in every part of the Provence. The work of inspecting them is a more laborious than when they were confined to certain of the more populous localities. At the same time the system on which inspection is conducted has been made more stringent, and it is to the effeciency of this branch of the Department that we must mainly look for an elevation of the general standard of instruction and the maintenance of a better method in schools in the remoter parts of the country. It is desirable also that an opening should be afforded for the employment of a higher native agency in this work. On these grounds I would request sanction for the Deputy Inspector. The original scheme of education sanctioned by the Government of India provides for 4 such officers, but only one has up to this time been appointed. For Hindustani Schools, again there is at present only one Sub Deputy Inspector. The extent of the area over which he has to travel, as well as the increasing number of Hindustani schools, render the appointment of a second man, specially for them, desirable

No 16 74 To provide for the wants of schools where the numbers are increasing, and additional assistance is needed, I propose an entry for 30 pupil teachers, at Rs 5 a month, 2 Assistant Masters at Rs 15 and one at Rs 12 Also for the establishment of 4 Hindustani Schools at Rs 70 a month

5 Under the head of grants-in-aid, I beg to submit the following items for entry

Increased grants

		a month
—	Madrasa Sultani, Bangalore	10
	Sanscrit School Magadi	5
—	St Johns Schools Bangalore	10

New grants

	Wesleyan Mission Girls' School Fort Mysore	20
	Do Broadway School, Bangalore Cantt	15
	Do Boys' School, Shoolay	12
	Do Girls School Cantt Bazaar	8
—	Do Boys' School Lascar Lines	10
	Do Do Knoxpetta Alsur	8
	St Bartholomew's Girls School Mysore	40
		138 or 1656 a year

Building grants

	Wesleyan Mission Girls School Gubbi	150
Rs 8692/—	St Barthlolomew's School, Mysore	1784
	Wesleyan Mission Girls School Fort Mysore	1500
—	Sanscrit School, Muttur	100
		3531

The applications for these grants have been examined and are in accordance with the conditions of the grant-in-aid rules. The item for St Bartholomew's School at Mysore was nearly

formerly sanctioned, but the school being given up for a time, the amount was removed from the budget The school has been now re established with fair prospects and the entry provides for continuance of the grant

6 I have lastly to propose that sanction may be granted for utilizing the full amount originally provided for establishment of the Directors office The work has greatly increased and requires the control of a duly educated assistant At the head of the office staff are men who, though willing enough, have not enjoyed the advantages which would qualify them to dispose of the routine work which should properly devolve upon them, and to conduct correspondence At the same time their long services entitle them to consideration. I would therefore apply for the appointment of a properly qualified assistant, on Rs 100/-, who would relieve me of much routine work in the way of correspondence, and at the same time gain experience which would tend to qualify him for promotion in the Department I also propose that a provision of Rs 3 a month should be granted for raising the head peon who has been 15 years in the office to the position of Duffedar There is no duffedar now for it

this office, a grant of that rank being allowed as a rule ~~in every~~ department. These charges will be within the sanctioned amount for the establishment of the Director's office.

7 The total amount applied for will thus be increased by a permanent charge of Rs 7292, and a special charge, for one year, of Rs 3534 (building grants-in-aid); the grand total being Rs 233949.

I have the honour to be,

Sir,

Your most obedient servant

Director of Public Instruction

Proceedings of the Chief
Comptr of Expenditure in the
Educational Dept -

Letter No 1659 dated 31st
August 1874 from the Dir
of Public Instruction)
